

# FILM AT FIVE - 1 1/2" VERSION

This pattern is available online as a tutorial at Wedding Dress Blue, using 2 1/2" squares:

<https://weddingdressblue.wordpress.com/2012/09/24/tutorial-film-at-five-quilt/>

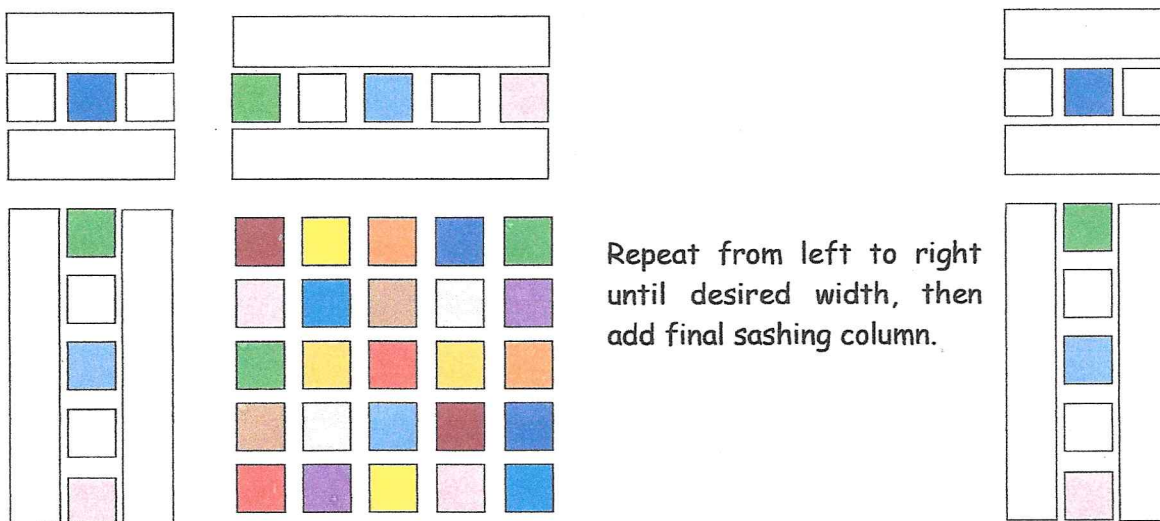

For 1 1/2" squares, the following strips/rectangles are needed for the sashing background:

- 1 1/2" x 3 1/2" strips for the cornerstones
- 1 1/2" x 5 1/2" strips for the sashing

These measurements include seam allowances.

Blocks are 5 rows of 5 squares each and add up to 5" finished size (5 1/2" including seam allowances). Press seams in alternating directions to assemble the blocks.

For the sashing units press all seams towards the white strips (outwards). For the cornerstones press all seams towards the centre square (inwards).

Repeat from top to bottom until desired length, then add final sashing row.
